

## **COVID-19 Update: 5:00PM on Wednesday, May 13, 2020**

As Florida continues to phase the reopening of our state, we want to update you of LARC's plans and actions as we work toward reopening our Adult Day Training programs.

Our plans use CDC guidelines and other sources to best respond to the risk of COVID-19, and to prepare safely and efficiently for the return to daily on-site programs. This plan will include new processes that best protect everyone; staff, participants, visitors, Support Coordinators, etc. We realize that a disruption in LARC services means a disruption to all and are working to finalize a plan that makes LARC the safest possible to learn, work, and serve.

At this time, LARC does not have a date determined to reopen our Adult Day Training program. We are working with transportation providers and many key partners as we develop this plan and expect to communicate key information in the coming weeks. You can expect at least one week notice prior to LARC reopening our Adult Day Training program.

During our temporary closure, staff are continuing to offer opportunities for interaction and support to participants, including providing materials and activities when desired. Please contact LARC at 239-334-6285 X231 if you wish to learn more or need assistance.

We appreciate and applaud everyone's efforts to stay safe during this time and look forward to welcoming participants back soon. Stay safe!

Best Regards,

Kevin Lewis  
Executive Director
